March 2008 Price List

Quant.	Description	Unit	List Price	Extended
_____	2005 “Meritage” – each year the winemaker cultivates a special <i>in-barrel</i> marriage of classic varietals, Cabernet Sauvignon, Cabernet Franc, Merlot, Petit Verdot, and one or two ‘secret colors’ to make our signature wine. Available both in full and half bottles.	375 ml	\$18	\$ _____
_____		750 ml	\$30	\$ _____
_____	2006 Merlot – Napa – “Ivanoff” – In the picturesque upper Lovall Valley, our high-grown Merlot is bursting with classic flinty flavors. Moderately oaked to showcase the fruit, this vineyard is cultivated to only 1½ tons per acre. Amazing!	750 ml	\$24	\$ _____
_____	2006 Cabernet Franc – organically grown, our “powerhouse” Cabernet Franc delivers armloads of fruit and briar. The oak was intentionally top-note but modest, to give the extraordinary Cab Franc the limelight.	750 ml	\$29	\$ _____
_____	2006 Sangiovese – the epitome of an ‘easy drinking red’, the Italian varietal is positively cherry-red in the glass, and uncomplicated on the palate. Cherry transitions to a light toasted oak and walnut finish.	750 ml	\$18	\$ _____
_____	2006 Syrah – Napa - “Lavender Field” – The Borneman’s Lavender Ranch grows the most luscious yard of Syrah in their ‘front acreage’. Huge sweet berries deliver a classic mid-tone Syrah with plenty of fruit and oak, without the ‘barn yard’ tones usually associated with Syrah.	750 ml	\$26	\$ _____
_____	2006 Cabernet Sauvignon – El Dorado / Mendocino – An amazing ‘super Cab’, full of rich berries, stone fruit, and an elusive apricot/briar backbone. Fantastic!	750 ml	\$35	\$ _____
_____	2006 Primitivo – Lovall Valley - NAPA – Just like its closest cousin (Zinfandel), the Lovall Valley Primitivo pulls through with that amazing “fresh wine” aroma and flavor. The tiny vineyard produces only about a ton and a half, so we are <u>very</u> limited in this variety!	750 ml	\$30	\$ _____

March 2008 Price List

Quant.	Description	Unit	List Price	Extended
_____	2006 SyrBec™ - Lodi & Napa – Everything from the Syrah (fruit, deep color, black currants and ripe raspberries) and the depth of the Malbec (blueberries, dark tanned leather, well seasoned oak). Excellent with cheeses before dinner.	750 ml	\$22	\$ _____
_____	2006 MerBec™ – With the same unique marriage of flavors that fortuitously combine to make the SyrBec™ such an unusual and yet approachable cup, so too does the marriage of Merlot and Malbec bring out what Merlot is often missing: a <u>foundation</u> . Excellent with lamb and chicken alike.	750 ml	\$22	\$ _____
_____	2006 Touriga National “Strasse” – The “national treasure” of Portugal, the incredibly floral Touriga is made entirely on its own in this very rare release. The “strasse” moniker comes from an accidental spill that lost half of the wine before it had a chance to ferment. But ... serendipity again worked for it: it concentrated the flavor to such an intensity as to be unique even amongst Tourigas.	750 ml	\$55	\$ _____
_____	2007 Sauvignon Blanc – El Dorado – Light and dry at the same time, with a strong citrus profile and a herbaceous backdrop, this is the definitive wine for most fish entres. It also compliments a warm afternoon (if ice cold) famously.	750 ml	\$16	\$ _____
_____	2007 Chardonnay – Napa Valley – Emphasis on the “round in the mouth” feel and flavor, this wine shows fruit first instead of oak. You really can taste what the <i>Chardonnay</i> variety tastes like this way.	750 ml	\$18	\$ _____
